THE UNITED NATIONS’ SDGS AND THEIR TARGETS WERE UNANIMOUSLY ENDORSED IN SEPTEMBER 2015 BY 193 COUNTRIES, INCLUDING AUSTRALIA.

The 17 global goals constitute an ambitious shared framework of development priorities to 2030. They aim to bring an end to extreme poverty, hunger and inequality; act on climate change and environmental sustainability; improve access to quality health and education; promote prosperity and wellbeing for all people; whilst also encouraging good governance, peace and security.

Achievement of the SDGs is one of the UN’s highest priorities.

As such, the UNAA is deeply committed to the education, inspiration and engagement of Australians around the SDGs and has a clear mandate to increase the Australian support needed to help create a safer, fairer and more sustainable world.
