

GLOBAL GOALS AT MEERILINGA FAMILY FUN DAY

It's Sunday 21st October and our intrepid band of UNAAWA educators is hammering tent pegs into laminated SDG icons. In between showers, nearly 300 children take the SDG Walk for their reward – a chance to send the Global Goals Rocket soaring! They then use a token 'Bean' to vote for their most important Global Goal.

All goals gain a vote but the clear winner is SDG 14 *Life Below Water*. Maybe this reflects the impact of TV campaigns on plastic in the oceans. The children's comments reflect their strong emotional engagement with sea creatures. These youngsters also affect the views of family and friends who accompany them. "Never heard of the Global Goals," say all but two of them.

The UNAAWA stand at Family Fun Day, Whiteman Park is part of the opening event of Meerilinga Children's Week - focused on promotion of the *UN Convention on the Rights of the Child*.
